## COUNCIL APPROVES FINAL BUDGET

### 6 TO 6 PROGRAM, REC CENTER AND SEASONAL POOL OPERATION HOURS, KEY COMMUNITY AND ECONOMIC DEVELOPMENT POSITIONS PRESERVED

On June 22<sup>nd</sup>, the City Council unanimously passed its Fiscal Year 2005 budget by making the necessary, but difficult, decisions to trim the final \$22 million to produce a balanced budget.

It's never easy to make cuts in essential services or personnel. However, recent economic times have dramatically reduced the amount of funds we receive from the State of California, so we were faced with a large number of difficult budgetary decisions to make.

I am pleased to report that I received the support of my colleagues on the Council in my efforts to preserve the majority of 6 to 6 after school programs in the city. Of the existing 25,000 slots open to school children, we were able to retain more than 24,000 of them. Additionally, we were able to keep the program free for all participants, which I believe is vital to the success of the program.

Additionally, we were able to restore recreation center and seasonal pool operation hours in all districts. After much debate, we successfully negotiated a plan in which some recreation centers in each district would remain open for 48 hours each week as opposed to the 40 hours proposed by the City Manager. In Council District Three, the rec centers offering the additional hours are the Balboa Activity Center, City Heights Recreation Center, Golden Hill Recreation Center and North Park Recreation Center. All other rec centers will now be open 40 hours; however, none were forced to be closed.

We were also able to restore seasonal hours (November to February) at five city-owned swimming pools, including Bud Kearns Pool in Balboa Park. However, we were forced to increase the rental fees at civic pools for adult groups in order to keep the pools open. We felt this was the best option available so as not to decrease pool availability for youth, seniors and disabled individuals.

During tough budgetary times the city is often faced with the need to further streamline its staffing requirements, and this year was no exception. However, I was able to fight to keep

key Community and Economic Development Department positions in place which are the core of our urban revitalization programs and small business concerns.

We also worked closely with the Mayor to restore one Community Service Center in each council district, as well as Sunday hours at one branch library in each district. In Council District Three we were able to retain the Community Service Center in City Heights due to the high level of services accessed at this site. The North Park Branch Library was chosen as the site to maintain its Sunday hours. City Heights will also have their Sunday hours kept in place thanks to private donations.

One bit of good news to come out of this year's budget process is that we were able to increase the budgets of both the Police and Fire-Rescue departments. This remains a top priority for many San Diegans, and I'm pleased we were at least able to offer increases in these vital areas.

Unfortunately, there are cuts in what many of us consider to be important community services. Park and recreation programs, libraries, Community Service Centers, and day-to-day services provided by each of our city departments have all been affected by cuts. Until we stabilize our funding situation with the state and figure out a way to permanently fund our constant and consistent public safety needs, we'll continue to see cuts in these basic city services.

For this reason, I will continue to explore ways to provide additional revenues to the city. This includes looking at a possible increase to our Transient Occupancy Tax, supporting the revenue stabilization agreement with the state, and possibly exploring a cost-recovery plan for our trash collection service, which is currently free and costs the city over \$30 million annually.

## JUNE COUNCIL ACTIONS IN REVIEW

**June 8<sup>th</sup>:** Approved a new sewer rate structure required by the State of California for the city to be in compliance with state regulations.

**June 8<sup>th</sup>:** Increased sewer capacity charges based on a cost of service study the council requested that showed that new hook-ups were not paying for themselves.

**June 14<sup>th</sup>:** Deputy Mayor Atkins presented the Kensington/Normal Heights Branch Library with a special council resolution recognizing their 50th Birthday Celebration. (photo above)

**June 21<sup>st</sup>:** Approved a 15-year lease agreement with San Diego Family Care at the Mid-City Community Clinic to ensure that they will continue to provide vital medical services to Mid-City residents.

**June 21<sup>st</sup>:** Approved funding for Fox Canyon Park and Home Avenue Park from the Mid-City Park Development Fund. \$900,000 will go toward funding the development of the park at Fox Canyon and \$600,000 will go toward design and development of the Home Avenue Park site in City Heights.

**June 22<sup>nd</sup>:** Increased water capacity charges. This was a result of the cost of service study requested by the council that showed that the cost of new water hook-ups was more than the city was charging, and the rate needed to be adjusted to achieve full cost recovery.

**June 22<sup>nd</sup>:** Proposed a new water rate structure that would have lessened the burden on residential customers. Deputy Mayor Atkins supported this proposal, however it failed on a 4 to 4 vote.

**June 28<sup>th</sup>:** Proclaimed June 28<sup>th</sup> as Sister Linda Lutz Day honoring her many years of service to the students of Our Lady of the Sacred Heart School in City Heights.

**June 29<sup>th</sup>:** Approved by a 6-3 vote (with Deputy Mayor Atkins voting no) an action submitting to the voters in November a ballot proposition relating to changing the City Charter from a Council-Manager to a Mayor-Council form of governance on a five-year trial basis.

**June 29<sup>th</sup>:** Approved the Business Improvement District budgets for FY 2005.

## WALL OF HONOR DEDICATED AT LGBT COMMUNITY CENTER

I was honored to give the closing address at the recent ceremony dedicating the Wall of Honor at the San Diego LGBT Community Center. This wall, located in the auditorium of The Center at 3909 Centre Street in Hillcrest, is the nation's only community memorial display honoring important local lesbian, gay, bisexual and transgender community members who made significant and positive contributions to San Diego's LGBT community.

The Wall of Honor is a bold statement about the need for a community--any community--to commemorate and remember the important historical figures that have gone before us. There is so much courage and triumph in each of the stories behind these names and photos. I invite you to stop by The Center and remember and learn about these community members whose lives made a difference to the world they left behind.

Deputy Mayor Atkins gave the closing address (above right) and presented Assemblymember Christine Kehoe with the medal commemorating the life of activist Neil Good (right) at the recent Wall of Honor dedication at the San Diego LGBT Community Center. Photos and bios of the inaugural 16 honorees who make up the Wall of Honor are on permanent display in the auditorium of The Center (left).
